HOW TO USE BING IMAGE CREATOR

October 11, 2023 AI for teachers, Good to know Leave a comment

(and why it's better than ever)

It's free, there's no waitlist, and you don't even need to use Edge to access it. Here's everything else you need to know to get started using Microsoft's AI art generator. Source: ZDNet. Written by Maria Diaz, Staff Writer on Oct. 6, 2023

1. Open **Microsoft Edge**
2. Go to Bing.com
3. Click on **Chat**
4. Write your prompt, it can begin with a phrase like "create an image" or "generate a photo", but it's not necessary. Bing Chat typically recognizes your intent.

Read the whole article here. A short summary here:

- **Bing Image Creator**: A free AI image generator powered by DALL-E 3, the latest project from OpenAI. It can create realistic and artistic images from text prompts.
- **How to use**: Users can access the tool through Bing Chat or Bing.com/Create. They need to enter a descriptive prompt and wait for the tool to generate four images. They can download, share, or save the images they like.
- **FAQs**: The article answers some common questions about the tool, such as how to write prompts, whether users own AI-generated images, whether there is a waitlist, and how it differs from DALL-E 2.

Go to the Bing Image Creator and log in

Unlike Bing Chat, you don't need Microsoft Edge to access the Bing Image Creator. Just go to Bing.com/Create and click on **Join & Create** to log in to your Microsoft account and access the image generator.

Can I create images using the new Bing Chat?

There are two ways to use the Bing Image Creator. You can generate images by going to Bing.com/Create, as detailed above, or you can create images right from Bing Chat.

Here's how you can ask the new Bing to create an image right from the chat window:

After Two Years in Solitude, 'Britain's Loneliest Sheep' Finds a Home

> Fiona, a now-famous and once-lonely British sheep, is at the center of a social media frenzy as well as a local dispute. Farmers rescued her on Saturday by hoisting her up a hill after she spent at least two years by herself at the bottom of a Scottish cliff, snacking on grass and hiding from the elements in a cave. Objective:

- Students will be able to discuss the ethical issues and perspectives related to animal welfare and human intervention, using the case of Fiona the sheep as an example.

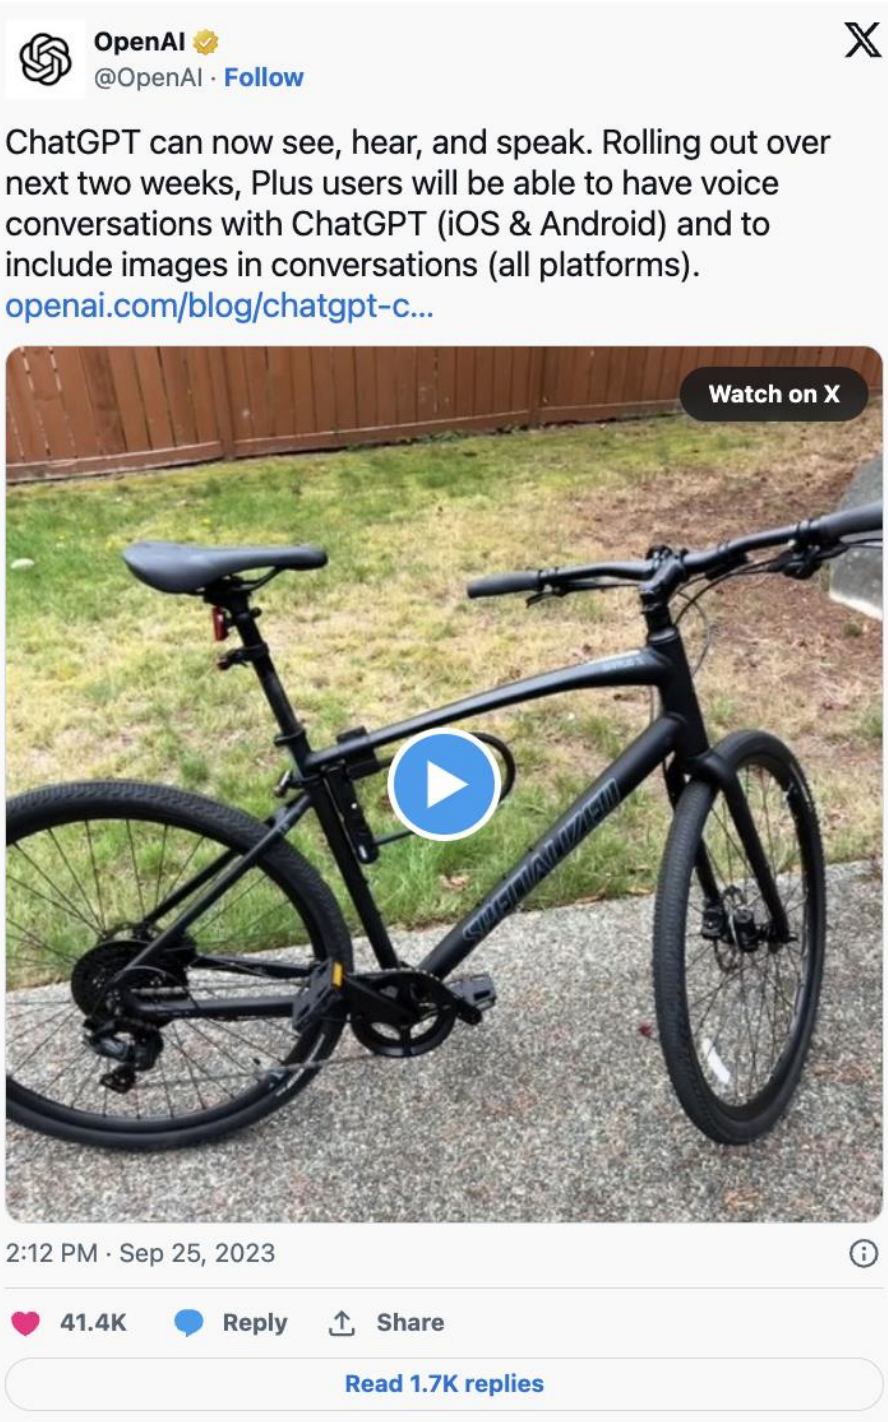
CHATGPT CAN NOW SEE, HEAR, AND SPEAK

September 26, 2023 AI for teachers, Digital literacy Leave a comment

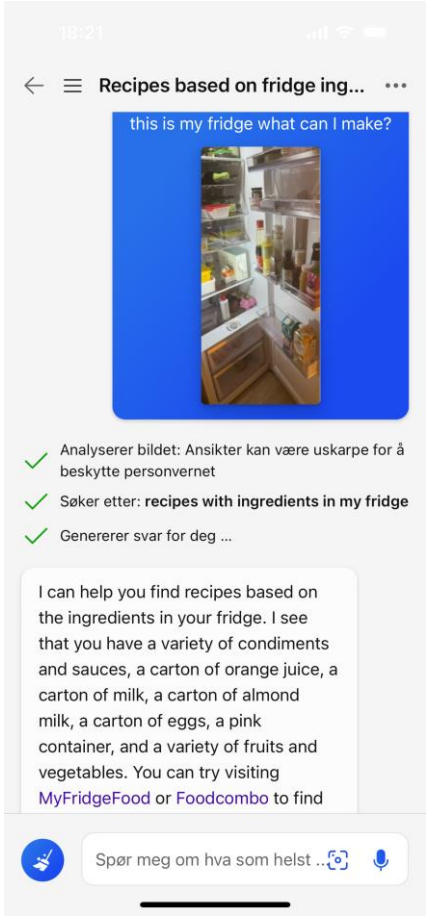
OpenAI on Monday announced ChatGPT will get voice voice and image-based chatting features. We are beginning to roll out new voice and image capabilities in ChatGPT. They offer a new, more intuitive type of interface by allowing you to have a voice conversation or show ChatGPT what you're talking about.

The voice feature will allow users to engage in dynamic conversations with ChatGPT, making it a conversational companion.

The super-popular AI chatbot has always just been a text box. Now it's learning to understand your questions in new ways.



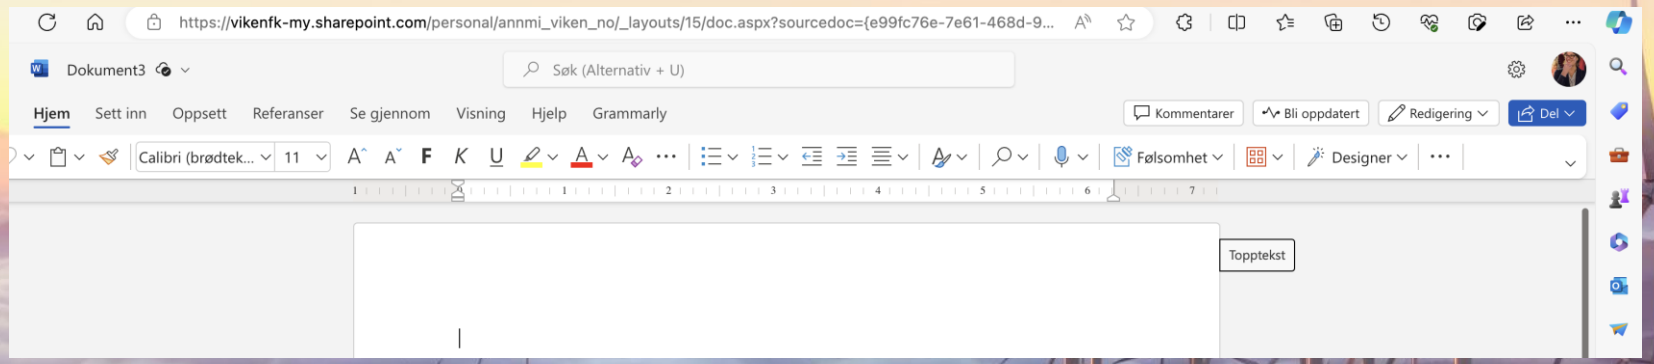
AI can you help me?

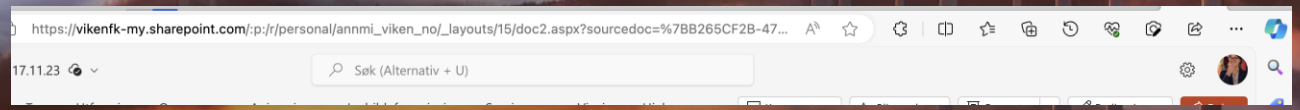


I have some tomatoes, lettuce, ham, cheese, milk and eggs, what can I make for dinner?

With those ingredients, you have a variety of options for a delicious dinner. Here are a few ideas:

1. **Classic BLT Sandwich:**
   - Toast some bread.
   - Layer lettuce, sliced tomatoes, and ham on the bread.
   - Add a couple of slices of cheese.
   - Top with another slice of bread.
2. **Tomato and Cheese Omelette:**
   - Whisk the eggs and season with salt and pepper.
   - Heat a pan, add a bit of oil or butter.
   - Pour the beaten eggs into the pan.
   - Add diced tomatoes and cheese.
   - Fold the omelette in half before serving.
3. **Caprese Salad:**
   - Slice tomatoes and fresh mozzarella cheese.
   - Arrange them on a plate with fresh lettuce.
   - Drizzle with olive oil and balsamic vinegar.
   - Sprinkle with salt and pepper.
4. **Ham and Cheese Quesadillas:**
   - Place ham and cheese between tortillas.
   - Heat in a pan until the cheese is melted and the tortillas are crispy.





Why Bing is a good alternative.

While the news was still being digested in Westminster, Lord Cameron was carrying out official duties, including holding a call with US Secretary of State Antony Blinken.

The pair "reiterated the strength and depth of the relationship between the UK and the US", the Foreign Office said, and spoke about the war in Ukraine.

In a statement, the Foreign Office said: "They discussed the conflict in the Middle East, Israel's right to self defence and the need for humanitarian pauses to allow the safe passage of aid into Gaza."

In a speech at the Lord Mayor's Banquet in London on Monday night, Mr Sunak said he was "pleased to have appointed a new foreign secretary" and said the new cabinet is "a united team".

Richard Holden, the newly-appointed Conservative Party chair, told BBC Breakfast that Lord Cameron had returned "out of a sense of duty" and would bring experience to the role.

But not everyone in the Conservative Party is pleased about the return of Lord Cameron and the new-look cabinet.

One backbencher, Dame Andrea Jenkyns, has already submitted a letter of no confidence in the prime minister, citing the sacking of Mrs Braverman. There would need to be 53 before his leadership is threatened.

- **Who's in the new cabinet?**
- **Former PM makes stunning comeback**
- **Suella Braverman sacked as home secretary**

And Conservative former cabinet minister Sir Jacob Rees-Mogg said the Tories were "in danger of losing votes to the Reform party".

Reform leader Richard Tice was "as happy as can be" when he saw him earlier, he told BBC Newsnight, adding: "The champagne will be flowing in the Reform party headquarters tonight after what's been done today."

Opposition parties have been quick to ask whether bringing back a prime minister who left office seven years ago is really the fresh start Mr Sunak claims to offer.

Shadow chancellor Rachel Reeves said voters would be "wondering how David Cameron coming back into government will help them pay for their weekly shop".

She added that the Conservatives were "out of ideas" and could not offer "the change our country is crying out for".

Liberal Democrat leader Sir Ed Davey said it "sounds like desperation".

This is a summary of the article:

- **Cabinet reshuffle**: Prime Minister Rishi Sunak has reshuffled his cabinet, bringing back former PM David Cameron as foreign secretary and sacking Suella Braverman as home secretary. He also appointed new ministers for health, education, environment, and other departments.
- **Cameron's comeback**: Lord Cameron, who quit as PM in 2016 after the Brexit referendum, has been given a peerage to join the cabinet. He spoke with US Secretary of State Antony Blinken and discussed the Middle East conflict, Ukraine, and the UK-US relationship.
- **Criticism and controversy**: Some Tory MPs are unhappy with the reshuffle and have expressed their lack of confidence in Mr Sunak. The Reform party, led by Richard Tice, is also hoping to gain votes from disgruntled Conservatives. Opposition parties have questioned whether Lord Cameron's appointment is a sign of desperation and have called for his peerage to be blocked over his lobbying scandal [1].

David Cameron is a British politician who served as the prime minister of the United Kingdom from 2010 to 2016. He is also the leader of the Conservative Party and a descendant of King William IV .

Cameron was first elected as the MP for Witney in West Oxfordshire in 2001. He held various shadow cabinet positions before becoming the leader of the opposition in 2005. He formed a coalition government with the Liberal Democrats after the 2010 general election, which resulted in a hung parliament.

One of the most significant events of Cameron's premiership was the Brexit referendum in 2016, which he called to settle the long-standing issue of the UK's membership in the European Union. Cameron campaigned for the Remain side, but the majority of voters opted to leave the EU. Cameron announced his resignation as prime minister and party leader shortly after the result, saying that he did not have the mandate to lead the country through the negotiations.

Cameron remained as an MP until 2016, when he stepped down from parliament. He largely stayed out of public life until 2023, when he made a surprising comeback as the foreign secretary under Rishi Sunak, who became the prime minister after Boris Johnson's resignation. Cameron's appointment was seen as a controversial and desperate move by some commentators, who questioned his suitability and credibility for the role .

As the foreign secretary, Cameron faces many challenges, such as dealing with

David Cameron, former Prime Minister of the United Kingdom, has made a surprise comeback to frontline politics, being appointed as Foreign Secretary in Prime Minister Rishi Sunak's cabinet reshuffle. This marks the first time a former Prime Minister has re-entered government since the 1970s.

Cameron's appointment has been met with mixed reactions, with some welcoming his experience and expertise while others raising concerns about his past involvement in the Greensill Capital lobbying scandal. Despite the criticism, Cameron has expressed his desire to support Sunak's government during these challenging times.

His return to politics comes seven years after his resignation in 2016 following the UK's vote to leave the European Union. Since then, he has maintained a relatively low public profile, focusing on philanthropic endeavors.

Cameron's appointment as Foreign Secretary is expected to have a significant impact on UK foreign policy, particularly in regards to relations with China, a key area of focus during his time as Prime Minister.

Heat, Energy, and Bicycling in New York City

1156 words

English (United Kingdom)

New York City is one of the densest cities in the world, with millions of people squeezed into a mere 303 square miles. Although it has the world's largest subway system, traffic can still be quite bad, particularly at rush hour. The city decided that it would be a good idea to encourage more people to use bicycles. If more people rode bicycles, the roads would be less clogged with cars. Also, when you ride a bicycle, you are exercising, which makes you healthy. But how can you encourage people to ride more bikes?

The city came up with an innovative solution. In 2013, city workers began installing long racks of bicycles in different neighborhoods. These bicycles were, for a small fee, available for anyone to use. A person could ride the bicycle from one bike rack to another bike rack and park it there. This system was ideal for people who did not own bikes or who wanted to take a bicycle on a short ride without having to return it to the place they took it from. This also made it possible to move quickly between areas that did not connect easily by the subway. The city hoped that people would start using these bicycles instead of taxis or other kinds of cars.

While the city installed the bikes in part because of concerns about traffic, it was also interested in another
